**Security Forum S.W.O.T. Analysis**

<b><u>Strengths</u></b>	<b><u>Weaknesses</u></b>	<b><u>Opportunities</u></b>	<b><u>Threats</u></b>
Strong relationships between students/staff	Geographic isolation	Educate learn about best practices in school security	The belief that this could never happen here
Common purpose <i>Safer more connected schools</i>	Limited community activities for children outside of school	Educate parents that students will not be released during a lockdown.	Lack of cell service
Public resolve to take action	Social media/ negativity and misinformation	Educate parents to avoid flooding the phone lines.	Disconnected children
Connectedness/ immediate contact	Traffic circle vulnerabilities	Continue to improve communication	Lack of parent involvement
Attention to detail/ observant community	Safe road crossing	Continue to train and raise awareness	Availability of firearms in rural communities
Supportive community	PA coverage at all activity locations	SRO's in the 2018-2019 school budget	Financial Constraints
Secure buildings	Am security	Mental health training	Overwhelming needs in our community
Frequent communication	Lack of metal detectors	Develop more after school activities for kids	Unruly parents/family members.
Small community/ people know each other	Bullying prevention/ social emotional education	Improve cell reception	Unknown security at off site events
All doors are locked	Kids between classes during lock down	Enhance mental health services/personnel	Unsecured firearms in the home
News travels fast	More training/ drills needed	Continue to connect with and improve communication with law enforcement	Mental health needs/lack of services
Presence of Law enforcement officials	Students parents allowing others to enter	Train students to speak up and report.	Drug/ substance abuse
Staff eager to learn/improve	Training for sub teachers	Programs that build relationships and connections.	Apathy
Proactive administration team/ responds to concerns	Alarms on doors?	Use school finances to improve facilities.	Weather/ transportation concerns
Presence of state police to know facilities	Cell reception is a persistent issue	Focus on both prevention and reaction.	
Single point of entry	Response time concerns	Leadership training for students	
Transportation staff plays an active role	Lack of mental health services in the community	Longevity of admin team.	
Small campus/shared resources	Mental health issues prevalent	Involve the parents, use school personnel as facilitators	
Easily locked down	Poverty/ stress/ desperation/ disconnectedness	Encourage extra-curricular activities, enrichment, summer programs and college prep.	
Training is in place	Training for office staff	Utilize students to raise
