

# APW Elementary Fall Benchmark Assessments

Wednesday, September 30th or Wednesday, October 7th

Grades 2 and 3

Dear Parents/Guardians of 100% Virtual Students,

We hope you have had a strong start to the school year. Each year around this time, APW administers Fall Literacy and Math Benchmark Assessments to students to gain a better understanding of their strengths and identify areas for growth. Teachers use this data to customize and differentiate learning for their students. Even though your child is learning at home online, this data is still important. We will be holding in-person screenings on Wednesday, September 30<sup>th</sup> and Wednesday October 7<sup>th</sup>. The in-person screenings will be held in the Elementary Cafeteria. Students will be spaced at least 12 feet apart. Due to the nature of the 1:1 portion of the assessment, it may not be possible for the teacher to maintain a 6-foot distance while assessing your child; however, masks will be required. Please select a time below to schedule your child(ren) for the in-person screening.

On your registered screening day, if your child is experiencing COVID-19 symptoms, has recently traveled to a restricted state, has been exposed to a confirmed or suspected COVID-19 case, or has tested positive for COVID-19 in the past 14 days, please keep your child home. We will make other arrangements for screening. The health and safety of your child and others is our top priority.

**Schedule Options – Select 1 time from the options below to have your child participate in the Literacy and Math screening. You may choose either 9/30/20 or 10/7/20. If you have more than one child participating, please complete additional form submissions as needed.**
