Depending on your teacher’s choices, you may have to do one of two things:

1. *Your teacher may have invited you to their class.* If this is the case, you’ll see the class listed with the options to “Join” and “Decline.” Choose “Join” to be added to the course.
2. *Your teacher may have given you a code to join their course* (it should look like a 7 character combination of digits and numbers, such as 2o5x6gb). Click on the “+” in the upper right-hand corner, select “Join a Class,” and enter the code.

- a. If your code does not work, please ask your teacher to manually invite you to their course

3. The first time that you join, you will be automatically brought to the course’s Stream. The next time that you sign in, you will have to click on the title of the course from the Classes page.

1. Click on your class on the main page.
2. It should automatically open to the “Stream” page, where you’ll see all of your announcements, assignments, and materials. Click on the assignment that you wish to view.
