How do I access Google Classroom?
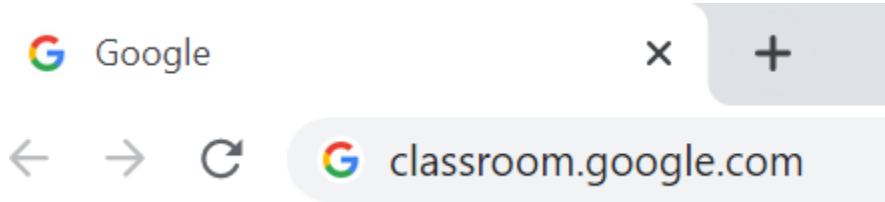

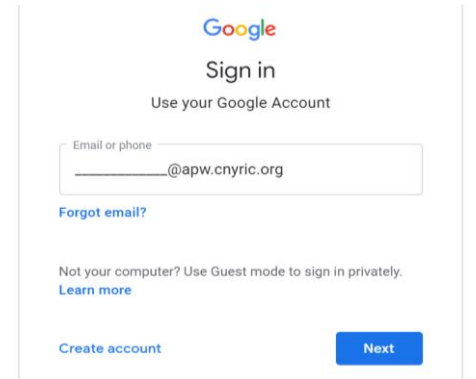

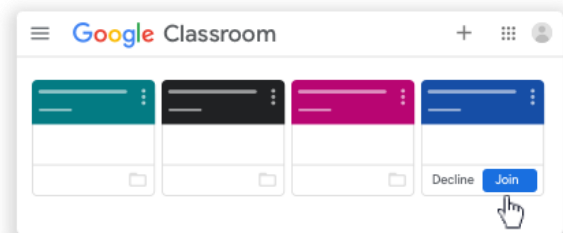

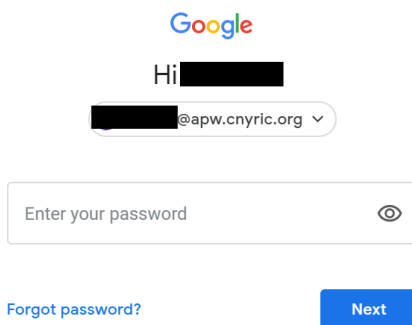

1) Type in classroom.google.org into the web browser's address bar.

2) Type in your APW username (what you use to log on at school). For most students, this is the first initial and last name (for example, jsmith@apw.cnyric.org). Some have a 1 or 2 after the name. Make sure it has @apw.cnyric.org on the end. Then press Next.
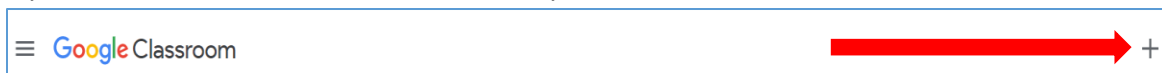

3) Enter your password, and then press Next. This is the password you used in school when you logged onto Chromebooks or school computers. If you cannot remember your username/password, please contact your teacher.

4) If you see an invitation to join a class, click Join.

5) If you do not see an invitation, click on the + symbol, and then select Join Class.

6) Enter the class code (see the APW Remote Learning Dashboard for class codes if you do not already have one). Then select Join.
