

Which school are you inquiring about?	Please submit your question here:	Response
APW JSHS	What day is school reopening? And when will we be getting schedules	School opens on 9/10/20 -- Schedule will be going out this week for 7-12
APW Elementary School	Why are you not answering the staff questions anymore? Also, why is it not anonymous anymore (you are collecting emails now)?	We are working as hard as we can to answer your questions. We originally set the form to collect email addresses -- for some reason it was changed. I asked for it to be set back to collecting emails. Please let me know if you disagree with this statement -- If a question is valid and respectful, people should not oppose posting their email address.
APW JSHS	will we have boces in person? and i heard that all school work wether in person or not will be done on a computer, is this true?	Yes - the BOCES CTE program will be in person. On the days that students are in school, they will receive instruction by their teacher. On the days not in school, students will receive instruction in a variety of ways - including, but not limited to, recorded classes by the teacher. Most assignments and assessments will be done using the computer.
