In 2021, we began the process of developing a Strategic Plan: a set of beliefs and goals that would serve as the roadmap for every major decision made at APW. Our mission is as follows: Because we believe in the potential of each student, we provide diverse opportunities and a competitive education for all learners. Our vision is to prepare every learner for their individual chosen path. The passing of this budget allows us to continue to provide an array of educational programming, a variety of extracurricular activities, and support services available to students and families. Thank you for supporting the mission and vision of the APW Central School District.

Sincerely,

Dr. Naomi Ryfun
