Dear Parents and Families,

We are pleased to inform you that we have a new online learning resource bank to assist you in helping your children engage in continued learning experiences. The Remote Learning Dashboard can be accessed via the APW website in the following places: Coronavirus tab, Student Resources, and Parent Resources.

For elementary students simply click on the grade level, and for JSHS students click on the subject area. For teachers using Google Classroom, access codes are included. In addition, you will find links to several of the online programs your child was using in the classroom prior to the school closure. Finally, check out the Student Support Resources link on the Remote Learning Dashboard. This contains valuable information to promote social and emotional well-being during this time.

Click here to access.
