BOARD LEADERSHIP REPORT

Committee: ESA

Date & Time: 10/24/19 @ 5:30pm

Member reporting: Naomi Ryfun

Anticipated BOE Date: 11/14/19

Reports:
Elementary- AIMSWEB all K-3 have been benchmarked/screened, purpose is a universal screener, takes a look at different phonemic awareness abilities- used to identify students at Elementary level and STAR at 4-6.
Julie, Dawn, Meredith & Naomi are working on a draft of the MTSS/Data Review Implementation Timeline.
11/8- Kelly Malone from CNYRIC will come and coordinate data meetings to understand performance systems and facilitate dialogue.
Trained a SWAT team, have a data coordinator 3x year… we have pretty much done everything already- moving into year 1-2.
Data meeting will look at data using The Collaborative Learning Cycle (handout). What pops out, what's surprising, what other kind of data do we need? These will occur at least 3 times this year.
Regents data are still embargoed. We cannot share that data because this is an open meeting. This will probably be January.
Grades 3-8 have been shared. 3-8 Cognos reports training and how we can use them in classroom/data level. Tom Olsen will attend COGNOS training and report out.
Discussion:
Tamara Lipke from SUNY Oswego, to lay groundwork for PLC's and what is the purpose of collaboration with like table-groups. She gave a series of questions, they had to pick a picture that visually represented collaboration. More to come on PLC's
What skills and competencies are important for us as a community to identify? What do we want our APW graduates to have?
Round-robin/Carousel activity- looking at the big picture. Overall goal is to compile information. Portrait of a Graduate: https://portraitofagraduate.org/ Different districts have uploaded the characteristics of a graduate.
Looking at the whole person- how can we take what we learn and apply it? It may the school experience more relevant for students.
Goal of Portrait of a Graduate: Help build a shared vision with school community, families & students.
What's next? How do we make the ideas into action? On Battelle for Kids- there are resource guides and action plans that can help guide.
Recommendations:
Take 10-15 minutes to look at resource guide and develop an action guide at our next meeting. Involve the PTA, students, staff, and families.
Next meeting is 11/21
