Hi APW Students!

You may have heard yesterday that we will continue with 100% remote learning until January 19th. Although we prefer for all of you to be in the building learning in-person with us, we have determined that this is the safest action at this time due to the increase in COVID-19 infections in our area.

With that being said, you still need to learn and complete your school work! Please adhere to following expectations to ensure you continue to be successful with your schooling:

- ❖ Student in grades 7-12 are expected to Zoom with their teachers during normal class times on your schedule.
 - 100% virtual students (grades 9-12) will receive your updated schedule in the mail in the next few days. You can also find it on SchoolTool.
 - Your teachers will also post class times and office hours in their Google Classrooms.
- ❖ All students are expected to complete all assigned work. As a reminder, you will all be receiving grades this year as you normally do. All assignments and quizzes/tests count this year.
- ❖ You should be working on your school work for 4-5 hours per day. If you do not, you may fall behind in your classes.
- ❖ Please complete the **Google Attendance Form** every day. It is important that we track your attendance while you are at home. You can access the form in Google Classrooms and the Remote Learning Dashboard.
- ❖ If you have any questions about your classes, [email your teachers](#). They are ready and willing to assist you as much as possible!

Please know that the APW Faculty and Staff miss you very much and we are eager to help you in any way that we can. Do not hesitate to email or call us. Have a great month of remote learning and keep working hard!

Go Rebs,

Mr. Olsen
